25th April 2017

Dear Parents/ Carers,

Please find attached an information poster concerning the highly regarded “**Parent 2 Parent**” course which we have been asked to host. This initiative has run very effectively in other parts of the County and has been seen as very positive by those families who have become involved.

The course is not being run by Wheatcroft but by Herts for Learning, we merely provide a venue which may enable local families and our own parents easier access.

I have seen the materials for this course and believe that it allows opportunities for Parents to discuss and work through the problems, delights and concerns associated with parenting (they don't come with a handbook) at all levels, from potty's onwards.

The dates for this course are soon and if you are interested do get in touch, use the booking contact details on the poster at your earliest opportunity.

Yours sincerely,

Head Teacher
