

Wheatcroft Primary School  
**News Bulletin**  
 Week Ending: 9th June 2017

**What we have been up to**

**UKS2**

This week in Year 5, we have been investigating the effect of water resistance. We found that some shapes travelled through water quicker because they have less water resistance.

**LKS2**

In year four we have been working on watercolours paintings of Mount Etna, to finish off our volcanos and rocks topic.

**KS1**

Key stage 1 have been busy telling the time. They have made clocks out of lego, played time matching games and have used computer programmes to help them become good time tellers!

**Foundation**

Reception visited Weald Park to follow the Stick Man trail. They had a great time making Stick people and doing a range of outdoor activities.

**Extra Curricular**

There are lots of trips and activities planned for this half term. Please keep an eye out for letters and forms and try to return these as soon as possible to help us with the smooth-running of plans.

Dates for all these activities are listed on the diary dates pages on the website for your information.

**Achievement Award Stars!**

<b>R1</b>	<b>Emily W</b>	<b>C3/4</b>	<b>Oliver W</b>
<b>R2</b>	<b>Liam T</b>	<b>C4</b>	<b>Mark A</b>
<b>C1</b>	<b>Jack D</b>	<b>C5</b>	<b>Alfie I</b>
<b>C1/2</b>	<b>Luka R</b>	<b>C5/6</b>	<b>Millie L</b>
<b>C2</b>	<b>Joshua T</b>	<b>C6</b>	<b>Bella B</b>
