

## Art & Design, Design and Technology and Music

**Art and Design - Silhouettes** - We will be focusing on drawing shapes accurately by exploring shadows and silhouettes. We will combine this with shading to create pictures with backgrounds such as sunsets. **D&T - Moving pictures** We will be exploring how images in books can move. We will find out about different mechanisms which will make the pictures in a book move and create pages for our own story book. **Music** - We will be exploring how to change rhythm and pitch by listening to various pieces of music.

## Maths

This term we will focus on place value of hundreds, tens and ones by practising counting, reading and writing numbers. We will compare and order numbers. We will count in multiples of twos, fives and tens. We will develop different strategies for adding and taking away. Problem solving and investigations will be on-going.

## Geography

We will be building on the children's understanding of world and UK geography. We will find out about significant world cities as well as exploring the weather of the UK.

**History** We will be exploring **The Great Fire of London**, a significant local historical event. We will find out about the series of events that led to the fire and find out about how it felt to be a witness to the event through the diary of Samuel Pepys.

## PE

We will be developing a range of skills in indoor and outdoor PE. In Gymnastics we will explore different ways of moving and of developing control. In games we will develop a range of skills including dribbling, kicking and running.

Dance - we will work on a range of styles which will be the basis for some of our dance in our Christmas production.

## PSHE & RE

### PSHE - Being Me in My World.

In this unit we will look at the decisions we make and the consequences of them. As well as looking at how to make sure our classroom is a good working environment.

### PSHE - Changing Me.

In this unit we will think about the difference between people and what this can mean in our friendships.

**RE - Creation story** - We will be exploring the Christian belief that God created the world and discussing how to look after our environment together.

**Christmas story** - We will be exploring the story of Jesus' birth.

## ICT

### Let's Create

We will be using a range of computer programmes to draw pictures and to create texts. We will also consolidate the important computer skills such as saving and altering documents.

*Key stage 1*

*Autumn 2018*

## English

Our English units will include a range of fiction, non-fiction and poetry units. They will include reports, instructions, labels, lists & captions. We will explore traditional stories focusing in particular on the different kinds of characters. In poetry we will be exploring our using senses and using them to develop our vocabulary.

## Science

### Light and Dark

In Science we will be looking at how we learn scientifically including what we want to find out, how to set up an experiment, ways to record our findings and how to explain what we have found out. We will use a range of equipment to find out light and dark including torches.
