

Art, Design & Technology and Music

In music, children will confidently learn spoken parts, sing rock 'n' roll-style songs, and play tuned percussion. To support your child's learning for this unit, help them by listening and learning the songs "Tutti Frutti," "Johnny B. Goode," "Hound Dog," and "Rock Around the Clock." In Art, we will be focussing on colour mixing, we will then use these skills to create a seaside scene using paint and collage. In our D&T lessons, we will be researching Puppets and how they function. The children will then design and create a Puppet based on the traditional 'Punch and Judy Show'.

PE

In PE this term we will be focusing on the locomotion skills of jumping and dodging. The children will learn the basic skills and then use them in a range of games. The children will also be learning some athletics based skills ahead of sports day.

Computing

In computing, children will program quizzes with ScratchJr, grasping outcomes of command sequences. They'll create quiz questions, translate designs into code, and evaluate and improve their projects. They will also learn how to use a keyboard effectively and practise typing some simple sentences.

Key stage 1 - summer 2024

PSHE & RE

This term in PSHE, we will be learning about 'Relationships'. We will be identifying members of our families and understand that there are lots of different types of families. We will also be exploring how to be a good friend and learn to recognise good qualities in others.

Geography & History

In Geography, children will expand their understanding of continents, oceans, and geographic layers, delving into natural and man-made wonders. We will continue to look at how the Seaside has changed and developed over the years. Finally we will look at our local heroes and famous people from our local area.

Maths

This term we continue to cover addition, subtraction, multiplication and division. We will use the knowledge we already have to help us solve one and two step problems. We will continue to develop mental calculation strategies and think about how we

In RE, we will focus on the Muslim Faith. We will be looking at their Holy book, where they go to pray and special traditions they have and celebrate.

English

This term we will be looking at a range of writing styles such as recounts, information texts and poetry. We will be focusing on using a range of punctuation and independently editing our work to try to improve it. Please help us to practise our high frequency words at home

Science

This term, we will be learning to identify and name a variety of common animals, including fish, mammals, amphibians, reptiles and birds. We will also be exploring the structure of these common animals. We will learn about the definitions and differences between animals that are herbivores, omnivores and carnivores. As well as thinking about how animals are affected by the seasons and how they adapt.
