Language Angels Online

Dear Parent/Carer

We are pleased to announce that you and your child can access interactive games via Language Angels in order to support language learning at home.

We use Language Angels in school to teach your child French and for them to experience a language spoken from a fluent speaker. Now your child can continue to enjoy what they have been doing at school, and you can be involved in their learning at home. Language Angels provides interactive games that are linked to the particular topics we are learning in class.

How to access Language Angels from home

To access Language Angels Games from home you will need a PC or Apple Mac and a connection to the internet. You can then go to <https://www.languageangels.com/schools/index.php/home> and select log in. The children will have access to the Pupil Games section of the website. You will need to select this option and enter your Key Stage's username and password.

The login details are:

LKS2

Username: LKS2

Password: wheatcroft

UKS2

Username: UKS2

Password: wheatcroft

If you have any trouble logging in or accessing Language Angels from home, please contact your child's teacher.

Getting started

Your child should already be familiar with Language Angels through their French lessons. They could show you how they have been using it in class and how to find the games. These games will be linked to your child's current learning in class and so should support understanding.

We hope you will find Language Angels useful as a resource to extend your child's learning. If you have any further questions about how to use the service, please speak to your child's teacher.

Kind regards

Mrs Leishman
